ALCUNI SUGGERIMENTI PER I GENITORI

- ★ Al posto della pallina di carta stagnola puoi utilizzare una pallina da ping pong o un'altra pallina che hai in casa
- ★ Quando il labirinto è pronto, fornisci al tuo bambino il modello visivo del gioco: fagli vedere prima tu come può giocare
- ★ Per gestire meglio la coordinazione durante il gioco, chiedi a tuo figlio di sedersi

Se hai dei dubbi, confrontati con il tuo referente per valutare se il materiale o questo tipo di attività sono adatti al tuo bambino!
